STATEMENT OF PURPOSE | YEAR 2024/2025

The statement of purpose is one of the most important, and challenging, elements of your application. It is your opportunity to stand out from the hundreds of other applicants to our programmes. Your statement of purpose needs to reflect who you are and why you would be an asset to the programme you are applying to. It should convince us that you have solid achievements behind you that show promise for your success in graduate studies.

Fill out the designated form fields and answer the questions on the following pages. You have a limited amount of space to express yourself, so use the **1 500 character limit** (including spaces) in each section wisely. We will consider your answers carefully in our admission process.
